Help us help animals in Brevard! Your donations allow us to save these animals from heading to the shelter through no fault of their own—they simply outlived their owners.

We are a 501c3, donations are tax deductible.

For *older animals* like *Blackie, Cleo, Mr Taffy* - the shelter is a death sentence; donations allow us to care for these dogs until they find a new forever home or they live out their natural life. **Can you help us by donating?**
